Joe & John,

Good Evening.

Sorry to email on a Friday night but we did have our leadership meeting and I wanted to let you know that we discussed your units.

To confirm, our leadership team can only offer the following

1. All Units go to 5.95c consumption and \$45/unit per month fixed fee, as of Feb 1
2. Decomm / termination sche3dule is as follows

<image003.png>

We can decomm earlier at your request but not until Q2. I realize this came as a jolt and email lacks the personal touch but I felt it important we get this logged given the actions which are due next week.

We will not be signing a new MSA or moving the orders to the new MSA since the termination is now planned for end of May and end of June.

Joe,  
Good Morning,

Please see this quick summary of your orders for the migration to MSA 2 and move to current pricing. We are still targeting Feb 1 for the update but we will have some additional reviews on our side. We are close to confirming the XP order but still need a bit of time next week. @Krista Rhynard will send the current MSA but know that we may make some minor additional modifications.

<image001.png>

Thanks and I look forward to working through this with you.
